Occupational Health and Safety Policy

Steelink have a Zero harm attitude and philosophy towards all employees and consultants undertaking our services.

Occupational Health and Safety (OH&S) of our employees and consultants is and will remain the highest priority in our business operations.

The objectives of our Safety Policy are:

- To achieve accident free services.
- To ensure OH&S is the highest priority of all our employees and consultants whilst carrying out their duties.
- To engage with our clients, employees and consultants to ensure all OH&S is integrated into all field service activities.
- Comprehensive understanding and compliance of our clients OHS&E procedures and policies.
- To include all employees and consultants in OH&S planning and implementation process. We will achieve this by regular consultation and training.

Critical to the success of our OH&S management is:

- Employees and consultants understanding all OH&S risks associated with their service scope.
- Risk assessments of the scope of service activities in terms of OHS& E.
- Clear and open communication with our clients, employees and consultants on OHS&E matters.

KARLE VOGT
PRINCIPAL CONSULTANT
